DAY 1: Havana

Cuba's capital Havana is a vibrant city teeming with beautiful if sometimes shabby colonial buildings, once the most heavily fortified city in the Americas. The city was founded by the Spanish in the 16th century and it is now a diverse and fascinating mix of castles, fortresses and Spanish colonial buildings intermingled with modern high rises. The Old City (Habana Vieja), with its narrow streets and overhanging balconies is a UNESCO World Heritage Site and the centre of the original city. Soak up the atmosphere as you sip on a Mojito, a refreshing blend of rum, lime, sugar, mint leaves, soda water and ice or maybe sample a Cuba Libre, made with rum, coke and lime.

DAY 2: Havana - City Tour

Get ready to enjoy an action packed day in Cuba's capital city. First you will embark on a guided walking tour of Old Havana's Historic Centre, taking in sites such as the Plaza de Armas, Plaza San Francisco de Asis, Plaza Vieja and Plaza de la Catedral. Here, you'll visit some of Ernest Hemingway's hangouts, such as the Ambos Mundos Hotel, La Bodeguita del Medio and El Floridita bar. After a much needed lunch in a local restaurant, you will be met by your private car and taken on a panoramic tour of the city, first visiting La Cabaña Fortress for a view of old and modern Havana across the bay, then touring modern Havana, stopping at Revolution Square and the Capitol Building. Following a busy day, the evening is yours to relax in the hotel or sample some of Havana's world-class music.

SUSTAINABILITY

Chimu Adventures undertakes a number of sustainability measures within its operations including:

1) Only using local guides and office staff to both maximise local employment opportunities and minimise carbon footprints. Local guides also ensure you benefit from

CUBA & THE CARIBBEAN ISLANDS - CLASSIC CUBA

the intimate knowledge, passion and culture of the country you're visiting.

2) Where possible, using locally owned and operated boutique hotels to maximise the return to the local community.

3) Chimu's "Pass it on" programme has provided funding to hundreds of local community projects in Latin America. Our aim is to empower local communities, helping them to develop their own infrastructure for the future. Since 2006, we have been working with Kiva (a well-known Non-Governmental Organisation), providing hundreds of loans to local businesses all over South America.

4) In our pre tour information we provide a range of tips and advice on how to minimise your impact on both local environments and communities.

5) Chimu Adventures' offices also take a number of sustainability measures including carbon offsets for company vehicles and most staff travel. Chimu Adventure's internal processes are also structured to create a paperless office and to reduce waste. There are also internal programmes to help staff minimise their carbon footprint such as our staff bike purchase assistance plan which encourages office staff to commute to work via bicycle. Currently almost half of our office based staff commute to work via bicycle.
