

## ANTARCTIC PENINSULA - ANTARCTIC EXPLORER: PUNTA ARENAS TO USHUAIA | SYLVIA EARLE

### INTRODUCTION

Trace the steps of early explorers as you embark on this incredible Antarctic journey. A land of stark contrasts and ragged beauty, the pristine and frozen white continent is a marvel for newcomers and veteran expedition enthusiasts alike. Encounter humpback and minke whales in their natural habitats as you cruise through vast glaciers and among immense icebergs. Spectate over vast colonies of penguins that become dwarfed by jagged snow capped peaks, encounter seal pups as they rest on drifting ice floe. Explore Antarctica now.

## ANTARCTIC PENINSULA - ANTARCTIC EXPLORER: PUNTA ARENAS TO USHUAIA | SYLVIA EARLE

### DAY 1: Arrival in Punta Arenas

Arrive in Punta Arenas, where you will be met by a representative of Aurora Expeditions and transferred to your downtown hotel (preferred flights only). Upon arrival at your included hotel, kindly remind hotel check-in staff to provide you with Aurora Expeditions cabin tags. Please clearly label the tags with your name and ship cabin number. Overlooking the Straits of Magellan, the city sits astride one of the world's most historic trade routes. Today, Punta Arenas reflects a great mix of cultures, from English sheep ranchers to Portuguese sailors, and it remains an utterly fascinating testament to Chile's rich history. Tonight, we will gather to meet our fellow expeditioners and a briefing on the first leg of our expedition - our flight to Antarctica!

### DAY 2: Fly Punta Arenas - King George Island

This morning we will be transferred to Punta Arenas airport for our early morning charter flight to King George Island, Antarctica (weather permitting). The flight will take approximately one and-a-half hours. On arrival into King George Island our expedition team is on hand to greet you for your Zodiac transfer to board the vessel. You'll have time to settle into your cabin before our important briefings. NOTE: King George Island is located at the northern part of the Antarctic Peninsula in the South Shetland Islands and is one of the most remote places on Earth. A clear sky with perfect visibility is required in order for the plane to take off and land safely. We apologise in advance for any delays.

### DAY 3: Antarctic Peninsula - Day 3 to 9

It's almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most fresh, crisp air on earth is an experience that will stay with you forever. We generally make landings or Zodiac excursions twice a day. You'll want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and proposing penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula. In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to watch whales travelling or feeding. This is a great time to enjoy the observation lounge or make your way to the bridge for uninterrupted views of Antarctica in all its splendour. Keep an ear out for the creak and deep rumble of glaciers as they carve their way from summit to sea, and take a quiet moment to experience the wonder of this incredible white continent.

### DAY 10: Drake Passage Crossing - Day 10 to 11

Today, our landings come to an end as we enter the Drake Passage for our return journey to South America. With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced, and the impact this voyage has had on our attitude to life. As we approach the tip of South America, our Captain may sail close to legendary Cape Horn, weather and time permitting.

DAY 12: Disembark in Ushuaia

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. A transfer to downtown Ushuaia before continuing to the airport is included in the cost of the voyage. NOTE: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays.
