

SPITSBERGEN PHOTOGRAPHY | ULTRAMARINE

INTRODUCTION

This 14 day expedition departing from Helsinki is a perfect way to explore the pristine Norwegian Arctic. On board the latest polar expedition vessel, the Ultramarine, you will undertake a true expedition experience as your itinerary is flexible and tailored to search for polar bears and other elusive wildlife. Immerse yourself in the natural wonders of Spitsbergen, from snow-capped mountains, massive glaciers and deep fjords.

**All offers aboard the Ultramarine end 30 Sept 2022 and are subject to availability. Discounts vary and apply to selected departures and selected cabin types. Not combinable with any other promotion. Prices are subject to change based on currency fluctuations. Discounts are applied to the regular retail price. No discount applies to the transfer packages. Further conditions apply, [contact us](#) for more information. Pay in full within 30 days from time of booking to receive the 5% early payment bonus (included in discounted price).*

ITINERARY

DAY 1: Arrival In Oslo

Your Arctic voyage begins in Oslo, Norway’s vibrant capital city. If you arrive early, there are many museums, restaurants and green spaces to keep you busy before retiring at your included airport hotel.

DAY 2: Embarkation in Longyearbyen

This morning, the group will transfer to the airport and board our private charter flight to Longyearbyen, Spitsbergen's largest settlement, where you'll have some time to explore before embarkation. As your ship sets sail, enjoy your first view of the island's rugged, glacier-topped mountains rising majestically from icy waters.

DAY 3: Exploring Spitsbergen - Day 3 to 13

Spitsbergen is graced with an unspoiled beauty that's just waiting to be discovered. On this one-of-a-kind cruise, you'll sail along the west coast of this magical island, exploring the coastal fjords and smaller, outlying islands. Each day will be a surprise, treating you to spectacular new sightings and experiences. Like true explorers, we'll let the wildlife and pack ice—not a set schedule—guide our route! Our small expedition ship allows us to navigate shallower waters and tighter spaces, so we expect to explore the more hard-to-reach areas frequented by the elusive polar bear. A haven for present-day explorers, Spitsbergen and the surrounding area offer unforgettable polar experiences that will keep you and your camera active for the duration of the expedition. Although 60 percent of the landscape is covered in glaciers and much of the terrain is mountainous, Spitsbergen (which means "pointed mountains") surprises visitors with stretches of colourful tundra that burst with wildflowers in summer. Optional hiking activities get you up close—though never obtrusively—to the abundant wildlife. At day's end, you'll have plenty of prized photographs and exciting stories to share with your shipmates.

DAY 14: Disembark in Longyearbyen and Fly Oslo

Your adventure ends in the frontier-style settlement of Longyearbyen. From here, we'll transfer you to the airport for your return group charter flight to Oslo.

SUSTAINABILITY

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.

For more information on our sustainability policies, including how we are striving towards being a paperless organisation, click [HERE](#)
