

ARCTIC SIGHTS & NORTHERN LIGHTS | SEA SPIRIT

INTRODUCTION

This memorable 12-day voyage starts and finishes in Reykjavík, Iceland. Across the Denmark Strait, we explore the stunning Scoresby Sund fjord complex in East Greenland. Here we discover unbelievable scenery, historical sites, massive icebergs, a contemporary Inuit village, and of course the mesmerizing northern lights. On our way to Greenland, we visit the town of Ísafjörður in the Westfjords of Iceland. On our way back we explore Iceland's picturesque Snæfellsnes peninsula. Every night on this voyage brings another excellent chance to experience the northern lights in a beautiful setting.

ITINERARY

DAY 1: Reykjavík, Iceland

Welcome to Reykjavík, the capital of Iceland and starting point of our expedition. After arriving via scheduled commercial flight service, you are free to explore this fascinating city. Reykjavík is home to a wealth of cultural institutions including museums, galleries, and the Hallgrímskirkja church. Leisure possibilities inside the city include parks, gardens, and thermal baths. You can also take advantage of Reykjavík's wide range of shopping possibilities, excellent dining options, and famous nightlife. Your hotel for the night has been arranged by us and is included in the price of the voyage.

DAY 2: Embarkation in Reykjavík

In the afternoon we welcome you aboard the luxury expedition ship M/V Sea Spirit. Explore the ship and get comfortable in your home away from home for the extraordinary adventure to come. Savor the anticipation of your Arctic dreams coming true as we slip our moorings and sail out of the harbor into the bay of Faxaflói, where it is possible to encounter our first whales.

DAY 3: Across Denmark Strait

From Iceland we head across Denmark Strait toward Scoresby Sund in East Greenland, crossing the Arctic Circle on the way. There is a good possibility of whale sightings in this stretch of water. After nightfall, we have our first opportunity to see the aurora borealis.

DAY 4: Scoresbysund - Day 4 to 9

The itinerary for this part of our voyage focuses on the spectacular fjords, coasts and islands of Scoresby Sund, also known as Kangertittivaq in the Greenlandic language. This area contains some of the world’s most impressive scenery and Greenland’s best wildlife viewing. As with any true polar expedition, our exact schedule and route will be shaped by weather and ice. At this late stage of the season, we expect our explorations will be minimally affected by sea ice. However, we will be alert for icebergs from surging glaciers, which can present interesting navigational challenges. Our experienced captain and expedition leader will continually adjust plans as conditions and opportunities warrant in this wild and remote corner of the Arctic. Scoresby Sund is one of the longest and most visually stunning fjord systems in the world. Almost totally devoid of human habitation, it is also one of the most pristine natural environments on Earth. In this epic wilderness, the forces of nature have shaped a landscape of incomparable grandeur. Deep fjords and narrow passages are framed by sheer rock walls up to 2,000 meters high. Colossal icebergs—calved by immense glaciers and sculpted by wind and water into fantastic shapes—drift throughout the intricate fjord system in striking contrast to sparkling blue waters and polychromatic mountains capped with fresh snow. From verdant coastal plains to ice-clad peaks all the way to the glaciated heart of Greenland, a trip through Scoresby Sund sets a new standard for “scenic”. Our area of exploration includes part of Northeast Greenland National Park, the largest and most northerly national park in the world. This vast Arctic landscape is a paradise for hikers who appreciate astounding views of untouched tundra wilderness. Across hillsides emblazoned with autumnal red and yellow, a flash of white reveals the flight of a snowy owl or a startled mountain hare. Tufts of the finest fleece ensnared in polar willows underfoot point the way to a nearby herd of shaggy musk oxen. You may hear the crack of horns colliding as bulls engage in fearsome battles of strength. Boreal fowl of every description are preparing to migrate south with their newly fledged chicks. All throughout the waterways of Scoresby Sund, we are on constant watch for polar bears and other marine mammals, including a variety of seals, walrus and narwhal, which can be spotted at any time. Ancient Thule archeological sites remind us of humankind’s age-old relationship with this austere yet life-sustaining environment. For a look at how this tradition has been carried forward, we plan to visit the modern Inuit village of Ittoqqortoormiit, the only permanent settlement in the region and one of the most remote communities in the world. The village boasts a wonderful museum, a bookstore, handmade crafts for sale, a post office, and an abundance of Greenlandic sled dogs. In September, at the equinox, day and night are given equal opportunities to astound you. As night falls, the darkening sky becomes a stage for nature’s greatest celestial performance: the Northern Lights. East Greenland is one of the very best places in the Arctic to view this otherworldly natural phenomenon. In addition to being at the perfect latitude for strong aurora displays, the skies above Scoresby Sund are often cleared by katabatic winds rolling down from the nearby Greenland Ice Sheet. Lights dancing from horizon to horizon are mirrored in calm waters while the silhouettes of gigantic icebergs and serrated mountains add to the romantic splendor of the experi

ARCTIC SIGHTS & NORTHERN LIGHTS | SEA SPIRIT

DAY 10: Back across Denmark Strait

After our amazing time in Scoresby Sund we head back across Denmark Strait toward Iceland. Presentations and workshops by our expert staff, as well as our range of onboard recreation facilities, ensure that this day at sea is not idly spent. Seabird viewing and whale sightings can be enjoyed from panoramic open decks as well as exterior stateroom windows and balconies. Nighttime offers still more possibilities for aurora borealis!

DAY 11: Westfjords, Iceland

Our last expedition day is spent in the beautiful Vestfirðir (Westfjords) of Iceland. This remote and sparsely populated region of crenulated coastlines, voluminous waterfalls and rugged mountains sees only 10% of Iceland’s visitors. Deep fjords are home to whales while estuaries abound with seals and birdlife.

DAY 12: Disembarkation in Reykjavik

After filling up with one last buffet breakfast on board, we bid you a fond farewell in Reykjavik. We provide transfers to Keflavik international airport or to the city center in case you plan to extend your stay in Iceland.

SUSTAINABILITY

ARCTIC SIGHTS & NORTHERN LIGHTS | SEA SPIRIT

Being environmentally accountable is a crucial part of our organisation. Chimu is currently striving towards using less paper, taking several initiatives to do so and tracking our progress along the way. Our goal: A paperless organisation. For this reason, all information given to you will be sent electronically. We encourage those who choose to travel with us to support our aspirations and actions and ask that you reconsider printing out documentation. To view these documents, you can download them to your iPad or portable computer before and during your trip.

Chimu is passionate and dedicated to sustainability measures and understands the crucial part sustainability plays within the tourism industry.

We use local guides and office staff to both maximise local employment opportunities and minimise carbon footprint. Local guides also ensure you benefit from the intimate knowledge, passion and culture of the country you're visiting. Our guides are all highly qualified (most with university degrees) or equip with many years of experience and are paid above the standard wage. Whether it be our knowledgeable local guides, locally produced meals or the transport on tour, we do not use imported goods when local products are available. We aim to minimise our impact on the environment and give as much back as possible to the communities we work in.

While visiting the many national parks, heritage sites, museums and landmarks our travellers are encouraged to explore whilst remaining culturally aware and sensitive. We further encourage you to buy appropriate souvenirs and discourage the buying of anything wrongfully made or taken from the environment i.e. shells and endangered species products. Information on how you can be environmentally conscious, and travel responsibly will be made available in our Travellers Guides and provided during your travels by guides and staff.

For more information on our sustainability policies, including how we are striving towards being a paperless organisation, click [HERE](#)
