### ITINERARY

#### DAY 1: Kangerlussuaq, Greenland

Welcome to Kalaallit Nunaat, or Greenland! Begin your journey by sailing down Kangerlussuaq Fjord (Søndre Strømfjord), a 190-kilometre-long fjord surrounded by mountains and glaciers, and cross the Arctic Circle on your way. Kangerlussuaq, the settlement at the head of the fjord, is a former US Air Force base.

#### DAY 2: Kangerlussuatsiaq Fjord

Kangerlussuatsiaq means “the rather big fjord” in Greenlandic, while the Danish name Evighedsfjorden translates to “the fjord of eternity,” underscoring its vastness and seemingly never-ending nature. See why Kangerlussuatsiaq Fjord lives up to its name and marvel at this complex coastal waterway that includes calving glaciers, sheer bird cliffs, and streams cascading against a towering mountain backdrop. Explore this sublime glacial landscape by ship and by Zodiac. The waters here are relatively warm, due to the West Greenland Current and the subarctic location.

#### DAY 3: Nuuk, Greenland

Stop in at vibrant Nuuk, the capital of Greenland. Visit the Greenland National Museum, one of the city’s many outstanding features, where the world-famous Qilakitsoq mummies rest. The old harbour includes many buildings dating from Danish colonial days, while contemporary Nuuk is known for art, shopping, pubs, and cafes.

### DAY 4: At Sea - Davis Strait

Deepen your understanding of the environment, cultures, and history of the region as we sail across the Davis Strait towards Canada. Get the privileged opportunity to engage with and learn from Inuit in their homeland. Enjoy workshops and presentations, watch a documentary, and get out on deck! Try your hand at athletic feats during an interactive cultural performance of Inuit games. Through shared experiences and interactions, develop a deep appreciation for the culture and gain a profound connection to the stunning landscapes we traverse. Keep your binoculars ready to spot whales and seabirds who follow in our wake.

### DAY 5: Ungava Bay - Days 5 to 6

Pay a visit to uninhabited Akpatok Island, the biggest island in Ungava Bay at over nine hundred square kilometres. It's named for the akpait (thick-billed murres) that nest on ledges of the lofty cliffs and is home to Canada's largest colony of breeding pairs. Take a Zodiac cruise to scout the shorelines and any outlying ice, keeping your eyes peeled for polar bears, walrus, and other marine life. Large and shallow, Ungava Bay is a rich ecosystem and home to a variety of wildlife, including an endangered beluga population.

### DAY 7: Ungava Peninsula, QC - Days 7 to 8

Explore an area of treeless tundra along the Ungava Peninsula of Nunavik. Delve into its geological wonders, immerse yourself in its rich flora and fauna, and connect with Inuit cultural educators who will guide you through their homeland, leaving a lasting impression on your soul. Enjoy great hiking and a Zodiac cruise with our expedition team, who will provide insightful interpretation every step of the way. Making the most of every opportunity to explore, keep your eyes peeled for the elusive wildlife that calls this region home. Delight in the opportunity to bask in the tranquility and become one with the land. Listen to stories from Inuit and allow yourself to forge a deep connection to the places we explore. A visit here will leave you with a sense of fulfillment and a renewed appreciation for the wonders of nature.

### DAY 9: Kinngait (Cape Dorset)

Meet the artists and visit the studios that make Kinngait proud—plus, have the opportunity to purchase one-of-a-kind pieces of art! Have a chance to talk with the old and new generations of outstanding artists, carvers, and printmakers who continue to make Kinngait a proud centre for fine art. Kinngait was ground zero for the Inuit art market when, in 1959, the West Baffin Eskimo Co-operative was established—the oldest professional Inuit printmaking studio in Canada.

### DAY 10: Hudson Strait

Join the expedition team out on deck while navigating the icy, fast-moving waters of the Hudson Strait. Enjoy exploring alongside Inuit, gaining an intimate understanding of the region's charming wildlife and awe-inspiring landscapes. Search for breathtaking Arctic wildlife—polar bears, walrus, whales, seals, and seabirds—to capture the perfect photograph. We'll make the most of every opportunity to explore whether on foot or by embarking on a Zodiac cruise amidst stunning backdrops, as we search for the abundant wildlife that call this region home.

### DAY 11: Kimmirut (Lake Harbour)

Kimmirut means “the heel” in Inuktitut, referring to an outcrop of marble across the bay, but you may also know this hamlet as Lake Harbour. Thanks in part to its sheltered setting, this is among the oldest permanently inhabited spots on Baffin Island, with a storied legacy as a Hudson's Bay Company trading post, a producer of Inuit jewellery and ivory scrimshaw art. Immerse yourself in the vibrant culture and rich history of the community as you connect with friendly locals. They'll regale you with captivating stories and lead you to enchanting sites such as the old Anglican church, the RCMP post, the original Hudson Bay post, the Co-op, and Northern stores. If you're a hiker, you'll enjoy walking through Kimmirut's blooming tundra on the Itijjagiq Trail, part of the Trans Canada Trail.

### DAY 13: Iqaluit, NU, Canada

Transfer by Zodiac through Iqaluit harbour for your charter flight back home. Iqaluit, at the head of Frobisher Bay, is Nunavut's capital. A population of nearly 8,000 calls the city home. Local attractions include the territorial Legislature, igloo-inspired St. Jude's Cathedral, art shops, and more.
