

## THE ARCTIC - OUT OF THE NORTHWEST PASSAGE 2025 | OCEAN ENDEAVOUR

### INTRODUCTION

## UP TO 20% OFF DISCOUNT ON SELECTED DEPARTURES\*

This is one of the world's most incredible Arctic voyages. Starting with a flight from Calgary, the cruise begins in Kugluktuk, Nunavut, Canada. This route takes you out of the Northwest Passage. You will cruise through glaciers, fjords, icebergs, historic sites and epic views. Wildlife viewing is a huge highlight with the possibility to see marine mammals, polar bears and seabirds. This 17-day expedition is aboard the comfortable Ocean Endeavour. Excursions include hiking, photography, birdwatching, visiting Nunavut's communities and there will be educational lectures from the ship's expert expedition team. This voyage will take you to the top of the world, ending in Kangerlussuaq, Greenland before your flight to Toronto Canada.

Mandatory charter flight information and cost:

**2025 DEPARTURE:**

Northbound Charter Flight: Yellowknife, NT, Canada to Kugluktuk (Coppermine), NU, Canada. Early-morning departure. Price USD\$1,000 per person.

Southbound Charter Flight: Kangerlussuaq, Greenland to Toronto, ON, Canada. Evening arrival. Price USD\$1,450 per person.

*\* Up to 20% Off Discount is valid only on selected 2025 Arctic season departures. Offer is valid in all cabin categories, subject to availability. This offer applies only to new bookings and cannot be combined with any other promotions, discounts, or group deals except Free Single Supplement. The sale ends on 30 November 2024. Pricing and availability is subject to change and offer and may be withdrawn or varied at any time.*

### ITINERARY

#### DAY 1: Kugluktuk (Coppermine), NU, Canada

Located at the mouth of the Coppermine River, Kugluktuk is the westernmost community in Nunavut. Known for many years as Coppermine, the community reverted to its original Inuinnaqtun name—meaning “place of moving waters”—on January 1st, 1996. Our charter flight will land in Kugluktuk and we will embark the ship by Zodiac. Iqaluktuuttiaq (Cambridge Bay), NU, is an alternate embarkation point, and may be used based on sea, ice, and weather conditions.

#### DAY 2: Kitikmeot Region - Days 2 to 5

Navigate the ice-strewn waters of this fabled waterway in search of wildlife. Although this is Nunavut’s least-populated region, wildlife abounds here both in the sea and on land. Visit a local community where Inuit hosts will share their knowledge of their home and the area's history. Discover the legacy of this important waterway and the captivating story of Roald Amundsen, who overwintered in the bay for two years while searching for the Northwest Passage. Learn more about the triumphs of explorers like Amundsen and the vital role that Inuit knowledge played in successful crossings.

#### DAY 6: Ikirahaq (Bellot Strait)

Discover the famed Bellot Strait, a narrow passage separating Somerset Island from the Boothia Peninsula. As we sail through this two-kilometre-wide waterway, get the unique opportunity to reach the northernmost part of mainland North America. Keep watch for an array of enchanting marine mammals from beluga whales to narwhals and seals. Delve into the region's fascinating history and learn about Joseph René Bellot, French naval officer and Arctic explorer who joined an 1850s expedition in search for Sir John Franklin, who inspired the strait's namesake.

## THE ARCTIC - OUT OF THE NORTHWEST PASSAGE 2025 | OCEAN ENDEAVOUR

### DAY 7: Beechey Island

In 1845, Sir John Franklin set out from England with HMS Erebus and HMS Terror, attempting to sail through the Northwest Passage. His crew overwintered at Beechey Island, where three of his men died. Numerous search parties later used Beechey as a depot and rendezvous. Amundsen, Bernier, and Larsen visited Beechey. Thomas Morgan of HMS Investigator was buried here in 1854 alongside Franklin's men. The graves and the ruins of Northumberland House are a haunting memorial.

### DAY 8: Tallurutiup Imanga (Lancaster Sound) - Days 8 to 9

We will spend ample time exploring Tallurutiup Imanga (Lancaster Sound), one of the newest National Marine Conservation Areas in Nunavut. Narwhal, beluga, and bowhead whales transit and feed in this area. Cruise by ship and Zodiac in search of wildlife with expert biologists and ecologists. Learn more about the crucial role Inuit play in conserving the vibrant biodiversity of these waterways and the enduring connection between the ocean and Inuit. On the northern border of Tallurutiup Imanga lies Devon Island, the largest uninhabited island on Earth at over 50,000 square kilometres. Flat-topped mountains, glacial valleys, and a substantial ice cap give Devon Island its unique character. We will hike the tundra, cruise a glacier face, and seek wildlife from the ship and on shore. Visit archaeological sites and the remains of an RCMP and Hudson's Bay Company site at Dundas Harbour.

### DAY 10: Ausuittuq (Grise Fiord), NU

Ausuittuq means "place that never thaws." 1,150 kilometres above the Arctic Circle, Canada's northernmost civilian community originated during the Cold War. In 1953, Inuit were relocated here by the Canadian government under false pretenses, with the aim of asserting Canadian sovereignty. We'll be welcomed into the hamlet, where we will have a chance to meet members of the community, learn about their way of life, and hear their poignant stories.

# THE ARCTIC - OUT OF THE NORTHWEST PASSAGE 2025 | OCEAN ENDEAVOUR

## DAY 11: Smith Sound

Smith Sound, an ancient Inuit travel route, divides Ellesmere Island from Greenland, and served as the main route for explorers and adventurers searching for the North Pole. Adolphus Greely, Sir George Nares, and Elisha Kent Kane all travelled these waters with varying degrees of success.

## DAY 12: At Sea

On this exploration day, we'll be making the most of what the wind, weather, and wildlife have to offer. Our expedition team will scan for polar bears, walrus, whales, seals, and seabirds as we go. This is an excellent time to enjoy workshops, watch a documentary, or get out on deck. Keep your binoculars ready for minke and humpback whales, as well as the seabirds that are sure to mark our passage. Indulge in the unique opportunity to learn from Inuit in their homeland, gaining a better understanding of the daily lives of the regions we visit. Enjoy cultural performances and maybe even participate in Inuit games, or sample country food. Through shared experiences and interactions, develop a deep appreciation for the region's vibrant culture and gain a profound connection to the stunning landscapes we traverse.

## DAY 13: Northwest Greenland - Days 13 to 14

We will explore stunning fjords that line the coast. Glaciers and icebergs abound here. In true expedition style, we will seek opportunities to hike, explore, and view wildlife as conditions allow. Whether you're setting foot on land, cruising by Zodiac, or out on the ship's deck, you'll have plenty of chances to learn alongside expert geologists, naturalists, and marine biologists. You'll gain an intimate perspective on the abundant flora and fauna you encounter. Take a moment to savour the tranquility and absorb the knowledge and stories shared by Inuit cultural educators, which will deepen your connection to this breathtaking landscape.

## THE ARCTIC - OUT OF THE NORTHWEST PASSAGE 2025 | OCEAN ENDEAVOUR

### DAY 15: Ilulissat

Experience the remarkable beauty of Ilulissat Icefjord, renowned for its enormous icebergs. Ilulissat means “iceberg”—an apt name for this site at the outlet of the Sermeq Kujalleq glacier. It is a UNESCO World Heritage Site and the source of many of the icebergs in the North Atlantic. Marvel at the sheer grandeur of the towering ice formations as you take a stroll along the boardwalk—truly a sight to behold! Visit the town, with its museums, charming cafes, craft shops, and bustling fishing harbour. Be sure to make your way to the Ilulissat Icefjord Centre, where you can delve into the fascinating narratives surrounding the ice and gain a deeper appreciation for this awe-inspiring natural wonder.

### DAY 16: Sisimiut Coast

Explore West Greenland’s complex coastal waterways that includes glaciers, islands, and fjords against a towering mountain backdrop, with plentiful opportunities for hiking and Zodiac cruising. Learn about the Saqqaq, Dorset, Thule, and modern Inuit cultures that have called the Sisimiut region home for the past 4,500 years. The waters are relatively warm here, due to the West Greenland Current and the subarctic location.

### DAY 17: Kangerlussuaq, Greenland

Kangerlussuaq Fjord (Søndre Strømfjord) is one of the longest fjords in the world and boasts 190 kilometres of superb scenery. We end our adventure by sailing up this dramatic fjord. Kangerlussuaq, the town at its eastern head, is a former U.S. Air Force base. Here we will disembark for our return charter flight to Toronto, ON.
