INTRODUCTION

Set off on an incredible adventure that reveals the beauties of the Falklands/Malvinas and highlights the unmatched splendour of South Georgia and the Antarctic Peninsula. Get ready to be in wonder when you see the largest king penguin colonies in the world in South Georgia, a sight that will stay with you forever. Take in the calm grandeur of the world's most isolated location when you visit Antarctica. Here, amid enormous stretches of ice, you can see the penguin chicks grow, marvel at the whales, and see seals relaxing on drifting ice floes. It's a journey full of opportunities for deep connection to nature, where each experience captivates you with the sheer magnificence of Antarctica.

ITINERARY

DAY 1: Ushuaia

Arrive in Ushuaia, where you will be met by a representative and transferred with your fellow expeditioners to your assigned pre-voyage hotel. If you are already in Ushuaia, we ask you to make your way to your hotel. Check-in is from 3.00 pm. This afternoon, visit the hospitality desk in the hotel lobby, between 3.00 pm and 7.00 pm, to collect your luggage tags, and confirm if you wish to join our Beagle Channel and Isla de Los Lobos Cruise (sea lion island) tomorrow. Our team will confirm details regarding your embarkation day, answer any questions and provide you with information on where to dine or purchase last minute items. Expeditioners arriving after 7.00 pm will find a welcome pack waiting for them at check-in. We ask you to visit our hospitality desk tomorrow between 8.00 am - 10.00 am. The remainder of your time is at leisure. All meals today are at your own expense.

ANTARCTIC PENINSULA - SOUTH GEORGIA, FALKLANDS & ANTARCTIC ODYSSEY | SYLVIA EARLE

DAY 2: Embarkation in Ushuaia

This morning, enjoy breakfast and check-out. Please ensure your cabin luggage is fitted with cabin tags clearly labelled with your name and cabin number. By 11.00 am, take your cabin luggage to hotel reception, prior to, or at check-out. Your luggage will be stored and transferred directly to the port for clearance, to be placed in your cabin ahead of your arrival on board. Please keep any valuables or personal items with you throughout the day. Your morning is at leisure to explore Ushuaia. Those wishing to join our afternoon catamaran cruise, meet back at the hotel lobby at 12.15 pm ready to transfer to the port at 12.30 pm. Here we board our catamaran and sail the Beagle Channel, towards the city's iconic Les Eclaireurs Lighthouse. Crossing the Bridges Archipelago we'll slow down to watch colonies of sea lions and imperial cormorants sun themselves on the rocky outcrops, while gulls, rock cormorants, skuas, petrels, albatrosses and cauquenes are often sighted. Our cruise offers panoramic views of the city and the surrounding mountain range, in addition to hearing tales of the people and communities of the region. Alternatively, enjoy your day at leisure and meet at your hotel lobby at 3.00 pm, or 3.30 pm from the meeting point at the parking lot near the pier (details will be given by our ground staff at the hotel), to be transferred to the pier for embarkation. Once onboard, you'll have time to settle into your cabin before our important mandatory briefings. As the ship pulls away from port, we'll gather on the deck to commence our adventure with spectacular views over Ushuaia and Tierra del Fuego. This evening get to know your fellow expeditioners and friendly expedition team and crew at a welcome dinner to celebrate the start of a thrilling adventure to Antarctica.

DAY 3: Drake Passage - Day 3 & 4

As we commence the Drake Passage crossing, we make the most of our time getting comfortable with the motions of the sea. Our expedition team prepare you for our first landing with important wildlife guidelines and biosecurity procedures and start our lecture program to help you learn more about Antarctica’s history, wildlife and environment. Our wildlife experiences begin as we enjoy watching and photographing the many seabirds, including majestic albatrosses and giant petrels following our vessel. On sea days, you can enjoy the facilities on board the vessel including the gym, sauna and jacuzzis or relax in one of the observation lounges. Nearing the South Shetland Islands and the tip of the Antarctic Peninsula on the afternoon of day four, the excitement is palpable with everyone converging on one of the observation decks watching for our first iceberg. The ocean takes on a whole new perspective once we are below the Antarctic Convergence and are surrounded by the surreal presence of floating ice sculptures. The memory of your first big iceberg sighting is likely to remain with you for a lifetime. Time and weather permitting, we may attempt our first landing in Antarctica by late afternoon.

DAY 5: Antarctic Peninsula - Day 5 to 8

It’s almost impossible to describe the feeling of arriving in Antarctica. Spotting your first iceberg and taking a deep breath of some of the most fresh, crisp air on earth is an experience that will stay with you forever. Once we arrive, the western side of the Antarctic Peninsula and the South Shetland Islands are ours to explore, and we have a host of choices available to us. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing weather, ice conditions and wildlife opportunities. We generally make landings or Zodiac excursions twice a day. You will want to rug up before joining Zodiac cruises along spectacular ice cliffs or among grounded icebergs, keeping watch for whales, seals and porpoising penguins. Zodiacs will also transport you from the ship to land, where you can visit penguin rookeries, discover historic huts and explore some of our favourite spots along the peninsula. While ashore we aim to stretch our legs, wandering along pebbly beaches or perhaps up snow-covered ridgelines to vantage points with mountains towering overhead and ice-speckled oceans below. If you have chosen an optional activity, you will have the option to do that whenever conditions allow, and of course keen polar plungers will have the chance to fully immerse themselves in polar waters - conditions permitting! In addition to Zodiac cruises and shore excursions, we may ship cruise some of the narrow, dramatic straits separating offshore islands from the mainland, or linger in scenic bays to marvel at sculptural icebergs and photograph spectacular scenery. This is a great time to enjoy the observation lounge or make your way to the bridge (open at the Captain’s discretion) for uninterrupted views of Antarctica in all its splendour. Keep an ear out for the creak and deep rumble of glaciers as they carve into the sea. Take a quiet moment to experience the wonder of this incredible white continent.

DAY 9: Scotia Sea and South Orkney Islands - Day 9 & 10

As we make our way to South Georgia we will cross the Scotia Sea, following the route that Shackleton and five of his men took in order to find help for the rest of their crew. On 24 April, 1916, they piled into the James Caird, the most seaworthy of their open boats, to attempt this perilous journey to South Georgia, some 1,290 kilometres (802 miles) distant. Shackleton hoped to reach South Georgia in two weeks. There he would enlist the help of the whalers to return to Elephant Island and rescue the men who had been left behind. As excitement builds on our approach to South Georgia, catch up with fellow expeditioners in the bar, keep watch for wildlife alongside our naturalist from the various observation areas, or learn more of the Shackleton story from our historian. "Nearly always there were gales. So small was our boat and so great were the seas that often our sail flapped idly in the calm between the crests of two waves. Then we would climb the next slope and catch the full fury of the gale where the wool-like whiteness of the breaking water surged around us." - Ernest Shackleton

DAY 11: At Sea towards South Georgia

Sea and weather conditions will determine our arrival time to South Georgia today.

DAY 12: South Georgia - Day 12 to 15

As you near the rugged island of South Georgia, spare a thought for Captain James Cook, who arrived here in 1775 and believed it to be the northern tip of a great southern continent! In fact, it is a small island only 176 km (110 mi) long, but with a 3,000 m (9,842 ft) snow-capped mountain range, some of the world’s largest congregations of wildlife and a truly fascinating human history, South Georgia is an island of incredible riches. On approach, jagged mountain peaks rise steeply, while seabirds are often spotted soaring around the ship. You will sail along the coast, taking in the spectacular glaciated scenery and enjoying a little shelter from the prevailing westerly winds. This enchanting coastline is yours to explore! Zodiac cruise around craggy coves and along the rocky coastline in search of penguins, seal haul-outs and bird cliffs. Remember to keep an eye out for South Georgia’s kelp forests—these remarkable underwater ecosystems are quite mesmerising as their fronds sway back and forth on the water’s surface. Zodiacs will also shuttle you from ship to shore, where you can visit some of the largest king penguin colonies on Earth, take a guided walk among fur seals and elephant seals (making sure you listen to your guides and keep your distance!) and wander along pebbled streams and grassy glacial outwash plains. We also hope to visit the remnants of South Georgia’s thriving whaling stations and visit the final resting place of Sir Ernest Shackleton, whose incredible voyage of survival is synonymous with this island. If you have chosen an optional activity, you will have the option to participate whenever conditions allow. In addition to Zodiac cruises and shore excursions, we may ship-cruise through fjords with towering cliffs of ancient stone, or into deeply indented bays towards dramatic glacier fronts. This is a great time to find a comfy spot in the observation lounge to enjoy uninterrupted views of South Georgia’s majestic coast.

ANTARCTIC PENINSULA - SOUTH GEORGIA, FALKLANDS & ANTARCTIC ODYSSEY | SYLVIA EARLE

DAY 16: At Sea - Day 16 & 17

As we sail towards the Falklands~Malvinas, there is plenty to keep you occupied on board. Our expedition team will continue to share their wealth of knowledge about the wildlife, history and natural world as part of the onboard lecture series. You will have ample time to enjoy observing seabirds from the stern of the ship, keeping a close watch for whales and other marine wildlife, or simply enjoying the many facilities available to you on the ship.

DAY 18: Falkland Islands (Malvinas)

Sea and weather conditions will determine our arrival time into the Falklands (Malvinas) today. The Falkland Islands comprises two large islands (East and West Falkland), with over 700 islands scattered off the coast. All but seven of these are uninhabited, with windswept coastlines, white sand beaches and crystal-clear water. These beautifully barren islands are true wildlife havens, sheltering an impressive diversity of birdlife, including the largest black-browed albatross colony on earth. The cold, nutrient-rich waters surrounding the islands make this a prime location for spotting marine life.

DAY 19: Flakland Islands Exploration

There are many beautiful areas to explore across the Falkland Islands, each offering a unique perspective on this magnificent archipelago. Your experienced expedition team, who have made countless journeys to this area, will use their expertise to design your voyage from day to day, choosing the best options based on the prevailing winds, weather and wildlife opportunities. Even though we're north of the Antarctic Convergence it can be quite chilly here, so you will want to layer up before joining Zodiac cruises into rocky coves or along sea cliffs, keeping watch for seals, sea lions, dolphins and penguins. On landings we may visit albatross colonies, penguin rookeries and perhaps even have a traditional English 'tea and scones' at a local cottage. Conditions permitting, we aim to land in historic Stanley, the capital of the Falklands. This charming town has a distinctly British character, with terraced town houses, pioneer cottages and even an iconic red telephone box! Colourful buildings house cosy cafes, English pubs, souvenir shops, a post office and the fascinating Historic Dockyard Museum, with displays on the maritime history of the Falkland Islands, natural history and links to Antarctica.

DAY 20: At Sea

As we sail towards Ushuaia, you may choose to spend your precious time editing photos, enjoying the onboard facilities, or attend final lectures. Celebrate the end of an unforgettable voyage with newfound friends at a special Captain's farewell dinner. With lectures and film presentations to complete our Antarctic experience, there is still plenty of time to enjoy the magic of the Southern Ocean and the life that calls it home. There is time for reflection and discussion about what we have seen and experienced. We hope you become ambassadors for the Antarctic region, telling your family, friends and colleagues about your journey to this magical place, advocating for its conservation and preservation so that they might one day visit the region to experience what you have been lucky to see and do here.

ANTARCTIC PENINSULA - SOUTH GEORGIA, FALKLANDS & ANTARCTIC ODYSSEY | SYLVIA EARLE

DAY 21: Disembark Ushuaia

During the early morning, we cruise up the Beagle Channel, before quietly slipping into dock in Ushuaia, where we will be free to disembark around 8.00 am. Farewell your expedition team and fellow passengers as we all continue our onward journeys, hopefully with a newfound sense of the immense power of nature. Upon disembarkation, for those continuing their travels in the region, transportation to the hotel will be arranged exclusively for guests who have booked their accommodations through Aurora or for those staying in downtown areas near the port. Expeditioners departing on flights prior to 12:30 pm will be directly transferred to Ushuaia Airport, those with flights after 12:30 pm will have the opportunity to explore Ushuaia before an afternoon airport transfer, and the transfer procedures and details will be communicated onboard before disembarkation. Note: At the conclusion of the voyage, we do not recommend booking flights departing Ushuaia prior to 12.00 pm on the day of disembarkation in case there are delays. *Please note: Cruise itinerary is subject to change depending on weather conditions, ice conditions and other factors.
